

CASE MANAGERS, CASE COORDINATORS, ADJUDICATORS

1. We guarantee services within 24 to 48 hours from acceptance of the referral within Durham Region and Scarborough.
2. After a detailed assessment is completed, we will send you a comprehensive Care Plan detailing the patient's rehabilitation goals, specific clinical interventions and specified treatment timelines.
3. We use valid and reliable clinical tests to assess and monitor the patients progress on an ongoing basis. Clinical outcome measure results would be explained to the patient and their insurer to define rehabilitation progress and goal attainment.

What we can do for you!

You can access our services on a “fee for service basis” or with funding from the insurers listed below. Please phone us for assistance to access your rehabilitation service coverage.

1. Veteran Affairs Canada: We will speak to your Case Coordinator at VAC for approval of your treatment. We are a multi-disciplinary VAC clinic MDC: 033.
2. Motor Vehicle Accident: We will speak to the adjuster at your insurance company and seek approval for services.
3. Private insurance is available from a range of employers such as the Police, Royal Canadian Mounted Police, Ontario Provincial Police, Fire Services, Ontario Hydro, TTC employees or other work benefits available from private work benefits programs.
4. Work Injuries, WSIB coverage.
5. Publicly funded OHIP clinic.
6. Fee for service.

Please phone us if you need:
